"Christmas is Home" Issue # 8

"Ang Aking Tahanan -- I'll be Home..."

by VCA'72

Home—we left our first home,
we ache for that home- the love and protection
it has given us—one that was planted for us-
we left...

Home—we made a new one—
in a faraway land-a little corner of another world.
We made a new one with our own home cooking,
mixed with freedom and belonging-
while taking care of people entrusted in our care.

Home—is that powerful idea,
where we create comfort while
we scramble to make our dreams come true.

Home—now, here;
but history is magic
to those who are malleable as time changes us;
Home is a place that provokes the future...

Home's other name is SHELTER...
Shelter from the rain,
Shelter from fear and danger-
shelter where we kneel to be grateful...

For the small or big house;
for the small or big family,
for the small or big understanding,
for the small or big love....

Home and Christmas --where
Hope reigns for the future,
Love instructs the present--
Joy colors the past.

SLANFUSA, Inc. and the UNITED BOARD PARTNERSHIP YIELD STUNNING REWARDS

The rewards of partnership between SLANFUSA and the United Board has just been demonstrated that the sharing of knowledge, finances, resources and people yield stunning rewards and gains in a report recently released by Ms. Trudy Lao, Director of Development of the United Board. The essence of collaborative partnership benefits both parties by mutually working together towards a common vision.

Here are some facts worth celebrating over and proud of this Christmas blessings:

- The Scholarship Fund has graduated THIRTY (30) professional nurses who are now working in the trenches at a time when we are besieged with the pandemic. They are there where their services are most needed, touching lives with love and concern.
- Last December 2020, the United Board transferred USD 30,541.49 to Trinity University of Asia that included \$25,000 from United Board’s Pandemic Response Fund. Another \$5,541.49 was released from the St. Luke’s Alumni Foundation, USA (SLANFUSA).
- The Fellows Program of the United Board [[United Board Fellows Program - United Board](#)] is the signature leadership training for young faculty across Asia. Dr. Howell T. Ho, Dean of the College of Arts at TUA, is the recipient for 2021-2022. Dr. Ho is the second TUA recipient while the first recipient was Dean John Michael Lorena.
- SLANFUSA contributed \$2000.00 to this year’s recipient of the Fellows Program of the United Board. Partnership matters!

The partnership was formally created on December 3, 2007 with the establishment of the Dean Ester Santos Scholarship Fund on December 3, 2007. Beginning with a funding of a few thousand dollars, to date our Endowment has reached a staggering amount of \$150,000 through the generous donations of Alumni and SLANFUSA. This could not have been possible without the palpable love and loyalty of St. Luke’s alumni, her friends and its leadership. It is also a way of saying “Thank you for molding me become who I am today” to our beloved alma mater.

SLANFUSA Inc. is committed to support our alma mater, especially the College of Nursing.

- ❖ **WE strongly believe that what unites us is much stronger than anything that divide us.**
- ❖ **WE encourage you to come and join us fulfill our big dreams for our alma mater.**
- ❖ **WE have room for all generations from Generation X, Y, Baby Boomers, Millennials and the Unicorns for everyone who have God-given gifts to share.**

We plant the trees now to give shelter to the next generation.... Join Us—Please Give

One Amongst Us

Wivina Fontanilla '77

"I want to feature my classmate Wivina Fontanilla for "One Amongst Us". I think that her credentials are outstanding specially because she served in 2 branches of the US Armed Forces in addition to her civilian life. She was always drawn to OR nursing. I am so touched by her dedication to the task". *Nati Sawi'77*

Wivina started her military career at Clark Air Base, Philippines at the Regional Medical Operating Room from 1979 to 1984. She was stationed at the Wright-Patterson AFB, Ohio from 1984 to 1989. Joined the US Air Force Reserves (1989-1992)

As well known in the military, she was constantly on the move. to Fort Lewis, WA, San Diego –all doing what she does well and love most; all aspects of OR Nursing: Cardio - Vascular Services, Robotic, Regulatory OR Charge, JCAHO Regulatory expert.

Her long community service (2004-2015) as volunteer for 'Fresh Start Surgical Gifts'—a local organization in San Diego that give free surgeries to indigent children with cleft lip and cleft palates. In 2013 and 2014, she volunteered for International Relief Teams that went to Honduras to do head and neck surgeries. She also worked with ConnectMed International (CMI), doing medical missions to Mexico, India, Malawi (Africa) and Vietnam. Medical procedures included but not limited to cleft and palate repair, burns syndactyly, minor Ortho procedures.

It was not a surprise when she was awarded the OR nurse volunteer of the year in 2006. Surely, her St. Luke's OR skills carried her through all her ventures around the world. We, her Alumni are mighty proud of her. *Wivina* deserves our sincere "SALUTE".

Class'77 was so happy to reconnect with her because they were looking for her all those years! She was listed as AWOL for a while...but it was understandable as she was literally all over the world.

Wivina is retired now; Nati has assured us that she will surely lend her skills and talents, time and treasure to help SLANFUSA thrive and prosper.

Thank you Nati for featuring a real Nurse-Soldier in our midst.
